

Studying at Habitat Unit during the Corona pandemic

The global pandemic of the Corona virus has caused major disruptions to public and private life and creates many challenges for organising university life in the coming weeks and months. Thus the teaching programme of the summer semester 2020 will be held online. You will find general information on the homepages of the [Institute for Architecture](#) and [TU Berlin](#).

© Klawe Rzeczy

We as Habitat Unit are currently working on the transition to digital teaching. This requires flexibility from all sides and the use of new teaching methods.

To ease this transition, we have provided general information on this page regarding courses, registration and online teaching for the 2020

summer semester at Habitat Unit as well as [a collection of useful articles and links](#) to keep you informed and entertained during social distancing times. Please see below.

Important Dates & Course Registration
