

KOPRO Int.

CONCLUDING COLLOQUIUM

Thursday, 14th - Friday, 15th October 2021

Habitat Unit

DFG

Within the framework of the DFG funded research project KOPRO Int. we have been investigating concepts of co-production and commons-based solutions for inclusive urban spaces in a comparative study between Berlin, Germany, and Santiago, Chile.

After nearly two and a half years of research, we would like to close this chapter with a concluding colloquium and create a transition to the project's second phase, which will focus on looking more closely at co-produced sustainability projects.

Attendance:

We warmly invite you to participate in the colloquium – digitally or physically in a limited number in the Institute of Architecture - Forum. For registration, please send a short mail including name and organisation to the following mail address: podlaha@u-lab.de

PROGRAM OVERVIEW

**Thursday,
14th October 2021**

15⁰⁰ - 15³⁰ CET

Welcome and Introduction

Paola Alfaro - d'Alençon, Prof. Assoc. Dr. Ing. (Deutsche Forschungsgemeinschaft, Technische Universität Berlin; Pontificia Universidad Católica de Chile, Santiago)

15³⁰ - 16⁰⁰ CET

Concept Commons

Dagmar Pelger, Dr. Ing. (Universität der Künste, Berlin)

Co-Production and Conservation of Modern Heritage in Chile

Horacio Torrent, Prof. Dr. (Pontificia Universidad Católica de Chile, Santiago)

16⁰⁰ - 16³⁰ CET

Discussion

16³⁰ - 17⁰⁰ CET

Break

17⁰⁰ - 18¹⁵ CET

Introduction Case Study

Team DFG Kopro Int. (Deutsche Forschungsgemeinschaft)

Project Presentation Integriertes Bauvorhaben am ehemaligen Blumengroßmarkt
